

Product

Meat rolls down the line.
Workers trim, sort, package.
More meat rolls down the line.

Animals must die.
Children must be born.
Meat rolls down the line.

Demand. Supply.
A catchy jingle. The angle of coin.
Meat rolls down the line.

Come hell or high water,
our stores need their stock.
Meat rolls down the line.

Red meat, white meat, human flesh;
so much product required
for meat to roll down the line.
